Find New Bodies In Burned Tanker

WILMINGTON, Calif., June 23.—Two more bodies were recovered today from the burning hulk of a tanker which exploded early yesterday and set off Los Angeles harbor's costliest fire.

Known death toll in the \$10,000,000 disaster stood at four. The bodies recovered today were crisscrossed beyond recognition.

Others were sighted in the hulk but heat, flames and smoke forced the boarding party back. Another attempt will be made later today.

The 11,083-ton tanker Markey blew up with 2,940,000 gallons of fuel in a triple explosion that razed several docks and—harbor authorities said—missed igniting huge petroleum storage tanks only because of favorable winds.
